The Magic of 8-Ball!

It is 2007. 8-Ball is 100 years old & still #1.

Why?

8-ball has many faces – it is easy to learn and fun to play, and yet very sophisticated and difficult to master. It has been favored by amateur players and leagues for decades, and yet it is now contested by the greatest professional players in the world.

First played in 1907, 8-Ball has grown to become the best known and most played game in pocket billiards today. Like chess and One

Pocket, you can never really stop learning the intricacies of how and when to employ new offensive and defensive patterns of play. Unlike chess and One Pocket, 8-Ball is easy to pick-up and fun to play – a truly social game, ideal for league play.

8-Ball has survived the test of time better than any other pool game. Its popularity continues to grow, and it stands ready for another 100 years.

Tournament Rules And Regulations

Tournament Eligibility

- All league players must have played in a minimum of 8 full, regularly scheduled league matches in the same division during a sanctioned session (example: 5 games per night, 40 games per session) and must be deemed an active player by the League Operator in order to participate in this competition.
- Sanctioned Player Membership (non-league player) must be current for the entire month of May 2007. Sanctioned player member dues are \$25 annually.
- All players must meet amateur status requirements. For the 2007 BCA National 8-Ball Championships, any player not participating in the EnjoyPool.com 9-Ball Championships is qualified to play in the BCA Pool League Grand Master Divisions.
- Players must be able to show picture ID and a valid U.S. Social Security Number or Canadian Social Insurance Number (see detailed non-U.S. payout procedures on page 6).
- Only qualified BCAPL League Members and sanctioned Player Members may participate in Singles events.
- Only qualified league players may participate in Scotch Doubles and Team events.

Tournament Rules & Format

- Rules governing play are detailed in the latest edition of Billiards: The Official Rules and Records Book, published annually by the Billiard Congress of America.
- Check in prior to competition for Scotch Doubles and Singles is not required. Check in **ONLY** if there are changes to your Scotch Doubles roster.
- **ALL TEAMS MUST CHECK IN** (League Operator or Team Captain preferred.)
- The only exception to this rule are the Artistic, Speed Pool and Second Chance competitions. Competitors in these events may sign up on site and may re-enter (excluding Second Chance tournaments) as often as they would like for \$10 per entry.
- Players will flip a coin prior to the starting match, and the winner will have a choice of whether or not to break. Captains will flip a coin for their respective teams.
- Most divisions feature a double-elimination format.

Singles Events

- No player may play in more than one Singles division; scheduling logistics make this impossible.
- Men's Open, Senior and Super Senior divisions will feature a race to 5; the Men's Master division, a race to 7; the Women's Open and Senior divisions, a race to 4; the

Women's Master division, a race to 7. Grand Masters and Player Member Divisions race to 7.

- Competitors in all Singles divisions will alternate breaks.

Age Requirements - Singles

- All entrants must reach the designated age as of May 11, 2007: Women's Seniors: 50; Men's Seniors: 55; Super Seniors: 65.

2007 Player Member Division – Men & Women

This division, started in 2006, distinctly separates Player Members from League Members. League Members will compete exclusively against other League Members around the world and Player Members will compete against one another. This division is designed to level the playing field and help eliminate the possibility of Player Members entering events that are not of their skill level. This division will host events for both Men and Women. Men and Women Divisions both race to 7.

Master Singles

Any player who meets any of the following criteria will automatically be placed in the Master division:

- Was deemed to be a Master-level player at the 2006 BCA National 8-Ball Championships and has played less than two years as a Master or has finished "in the money" in either of the last two years in which the player has competed as a Master.
- Any player considered a VNEA Master in 2006/2007.
- At the 2006 BCA National 8-Ball Championships, placed:
 - Top 48 in Men's Open Singles
 - Top 16 in Women's Open Singles
 - Top 12 in Men's Player Member Singles
 - Top 2 in Women's Player Member Singles
 - Top 4 in Men's Senior Singles
- At the 2006 BCA Canadian 8-Ball Championships, placed:
 - Top 6 in "A" Men's Singles
 - Top 2 in "A" Women's Singles
- At the discretion of the Tournament Committee, any player may be placed in the Master or Grand Master division based on known ability. Any player desiring to play in the Master division may be placed in that division at his/her request. Voluntary entry in the Master division by a non-Master player does not necessarily create future Master status for that player.

Grand Master Singles

Any player who meets any of the following

criteria will automatically be placed in the Grand Master Division:

- At the 2006 BCA National 8-Ball Championships, or at the 2006 VNEA International Championships, placed:
 - Top 6 in Men's Master Singles
 - Top 3 in Women's Master Singles
- Women ranked in the Top 32 (WPBA)
- Men ranked in the Top 64 (Billiard Digest Power Index, AZBilliards rankings, UPA, and other available player rankings will be considered)
- Recent professional tournament results

At the discretion of the Tournament Committee, any player may be placed in the Grand Master division based on known ability. Any player desiring to play in the Grand Master division may be placed in that division at his/her request. Voluntary entry in the Grand Master division by a non-Grand Master player does not necessarily create future Grand Master status for that player.

- Due to the creation of the Grand Master Division, the bottom half of the Top 128 men's professionals will be eligible to play (subject to a Player Committee review).

- Any player (man or woman), holding a current IPT tour card is not eligible to participate in league play in any BCAPL sanctioned event. (As of Jan 1, 2007, due to the uncertainty of the IPT's future, the BCAPL is unable to utilize their ranking system until further notice. The BCAPL will judge each player's ability based on history and/or known ability.)

Scotch Doubles Events

- Open Scotch Doubles teams consist of one male and one female player, both of whom are eligible to play in the Open Singles divisions. Master Scotch Doubles teams consist of one male and one female player, either or both of whom would be eligible to compete only in the Master Singles divisions. A player may compete on only one Scotch Doubles team.
- Both members of any Scotch Doubles team must come from within the same League Operator's system.
- Open Scotch Doubles teams race to 4 in the winner's bracket and to 3 in the loser's bracket. Master Scotch Doubles teams race to 5 in the winner's bracket and to 4 in the loser's bracket.
- Players on a team alternate each shot. The alternating team breaks; either team member may break.
- Teams may alternate shooting rotation after each game. Failure to stay in rotation

once the game has started will result in a **FOUL**. The original rotation must be restored on their next turn. Note: It is permissible to inquire as to whose shot it is at anytime without fear of a coaching foul. Any further discussion when the team is deemed to be "at the table" will result in a **FOUL**.

- **NO COACHING:** When a team is not "at the table," they may quietly discuss anything they please. No time outs or coaching allowed. Any assistance (verbal or non-verbal) by a team during their turn at the table is a **FOUL**.
- When the table is turned over to the incoming team, one of the partners must immediately approach the table.
- Any of the four players involved with the matches can call a **FOUL**.
- All other rules pertaining to 8-Ball apply.
- All **FOULS** are cue ball in hand **FOULS**.

Team Events

- Format in each division is a five-person team in a race to 13 for Men's/Mixed Teams and to 10 for Women's Teams. Competition may be either round robin or double elimination, depending upon the number of entries in the division. A player may compete on only one team in only one division.
- Men's/Mixed Open and Master Teams may be made up of any combination of male and female players. Women's Open and Women's Master Teams will be composed exclusively of female players.
- Team rosters, including players and substitutes, are set once the team begins its first match.
- The winner of the coin toss has the choice of being home or visiting team. Teams will break according to the score sheet, with home breaking the first round and the visiting team breaking the second. Teams alternate breaks in the final round.
- Team Captains will sign score sheets for the entire team.
- Substitutions: The Team Captain may substitute any player in the line-up for any other player on the roster prior to the start of each round only. The opposing Team Captain must be notified of any change in the line-up. All players must stay in their same numbered position in each successive round unless they sit out one round. A regular or substitute player may not play the same opponent twice. Should this occur, it will be a forfeit of that particular game only by the team causing the double play to occur. Once a round has begun, no line-up changes may be made.

Open Teams

- Each five-person Men's/Mixed team must consist of at least three original players from their local league team. At least three

original players from the local league team must compete in each round as well.

- All additions to the roster must come from within the League Operator's system. Five alternates may be added to the roster for a total of 10 players. All players and alternates must have played in a minimum of eight full regularly scheduled league matches played over a minimum of eight weeks during a sanctioned session within the same division.
- Teams with more than one Master Singles division caliber player will automatically be placed in the Master Teams division. Teams with less than two Master Singles division players may also be placed in the Master Teams division at the discretion of the Tournament Committee, based on known ability.
- Men's/Mixed Teams race to 13; Women's Open Teams race to 10.

Master Teams

- A Master Team must be composed of any five players within their League Operator's system, as long as they meet the eight league-night requirement. Men's/Mixed Master and Women's Master Teams race to 13 in double-elimination format.
- If any of the following criteria are met, a team will automatically be placed in the Master Teams division:
 - Any team required to play in a Master Teams division at the previous year's BCA National 8-Ball Championships and based on past high finishes in Open or Master divisions.
 - At the 2006 BCA National 8-Ball Championships, placed:
 - Top 16 in Open Men's/Mixed Teams
 - Top 4 in Open Women's Teams
 - At the 2005 or 2006 BCA Canadian 8-Ball Championships, placed:
 - Top 4 in Men's/Mixed Teams

- Any team deemed a VNEA Master Team as of 2006/2007.
- Any current Master Team that has played in the Master division for less than two years or has finished in the money in either of the past two Master Teams Championships.
- Any team with two or more Master Singles division caliber players.
- A team not meeting the above guidelines may still be placed in the Master Teams division by the Tournament Committee, based on known ability. Any team may request placement in the Master Teams division.

Trophy Teams

- Men's/Mixed Trophy Teams race to 13. Women's Trophy Teams race to 10.
- Each five-person team must meet Open Team requirements. Any player on a

Trophy Team may not play in any other Teams division at the 2007 BCA National 8-Ball Championships. Trophy Teams may consist of:

Payout Procedures

- Winners without a U.S. Social Security Number, see “**NO U.S. SOCIAL SECURITY NUMBER**” information below.
- In order to receive your check, you must have the following:
 1. Photo ID
 2. Completed IRS form
- The check will be made out exactly as your name appears on your photo ID. **NO EXCEPTIONS!**
- You are encouraged to cash your checks at the Riviera Hotel & Casino cashier’s cage at no service charge. Riviera guests under age 21 may cash prize checks at the hotel’s main desk. Non-Riviera guests under age 21 should cash their checks at their home bank.

NO U.S. SOCIAL SECURITY NUMBER

The United States Internal Revenue Service (IRS) requires that foreign winners have a U.S. Taxpayer Identification Number (TIN) or a completed application for a U.S. TIN in order for them to receive a prize check from the BCAPL.

If foreign players do not have a U.S. TIN, they may apply for one at any time, directly with the IRS of the United States Department of the Treasury. The BCAPL will

also have TIN applications available in Las Vegas; winners should report to the BCAPL payout desk to request an application.

The applicant is required to provide supporting documentation to establish identity, citizenship and alien status. Examples of documentary evidence supporting alien status (i.e. non-U.S. citizenship or nationality) are a foreign passport, a foreign birth record or a current document issued by the U.S. Immigration and Naturalization Service (INS) or a Social Insurance Card. Examples of documentary evidence supporting identity include a driver’s license, ID card, school record, medical record, marriage license, voter registration card, military card, passport or a current document issued by the INS. One of the documents presented needs to include a photograph of the applicant. Please note that a passport and visa provide evidence both of identity and country of citizenship.

When a foreign winner has either a TIN, or a completed application for a TIN, the BCAPL can issue a prize check to them. The IRS requires the BCAPL to withhold 30% of winnings and forward the withholdings to the IRS unless the recipient is from a country

that has a tax treaty with the United States. If your country has a tax treaty with the United States, there is a form from the United States Department of the Treasury by which you may claim exemption from withholding. The BCAPL will have this IRS Form 8233 available in Las Vegas. When the winner completes this form, the BCAPL will be able to pay 100% of the prize money in accordance with the terms of the respective country’s tax treaty with the United States.

If your country does not have a tax treaty with the United States, the BCAPL is required to withhold 30% of the winnings. The BCAPL must remit the 30% to the U.S. IRS, and the player may file a tax return with the U.S. IRS (using their TIN) and may be eligible for a refund of the 30% withholding.

Grand Master Divisions

In 2005, we added a new Grand Master Division that became the buzz of the 2005 BCA National 8-Ball Championships. The 2006 Grand Master field was expanded to 64 world-class players. Any player in the world not invited to the EnjoyPool.com 9-Ball Championships (the pro event held in conjunction with our event) is eligible to participate in the Grand Masters Divisions. Now, every player in the world has a place to play during our 11 days in May at the Riviera.

If Grand Master fields are not full, entries will be accepted onsite. This allows players eliminated from other events an opportunity to participate in the Grand Master Division. Only Grand Masters Divisions, 2nd Chance events, and the new 9-Ball Challenge warm-up event will allow on site entries – provided space is available!

Player Member Division

Two membership classifications are available in the BCAPL – League Member and Player Member. A Player Member does not play in a local BCA Pool League and purchases a \$25 yearly membership that allows the member to participate in singles competition at the National Championships. Although this policy broadens our membership base, it also detracts from our ability to maintain level playing fields for all when player members participate in Open Division events.

Therefore, Men and Women’s Player Member Divisions were added to the BCA National 8-Ball Championships in May 2006. Player Members are not allowed to play in Open Divisions at national events, although they are still assigned to the Masters and Seniors Divisions, if eligible. This new division will have a total added of \$10,000 to be shared proportionately between the Men and Women’s Divisions.

Challenge the Stars

Line 'em Up ... The BCA and the Billiard Education Foundation [BEF] will host the annual Challenge the Stars Benefit in conjunction with the BCA National 8-Ball Championships and the EnjoyPool.com 9-Ball Championships, in Las Vegas, on Tuesday, May 15, 2007 from 8:30-10:30pm in the Grande Ballroom of the Riviera Hotel & Casino.

The special benefit offers BCAPL players a chance to rub shoulders with the top pros and challenge one of their favorites to a game of 9-Ball. Enthusiastic players and fans will have plenty of opportunities to get up-close-and-personal with their favorite billiard stars.

This entertaining fundraiser offers players the option of selecting the \$10 BCA Challenge (BEF picks the pro for one game of 9-Ball), the \$40 Pro Challenge (one game of 9-Ball with one of three top choices, based on availability) or the \$100 Ultimate Challenge (three games of 9-Ball with one of three top choices). Plan to take part

as a challenger, or you are welcome to donate an item to the auction to support the BEF Scholarship Fund.

Invited pros such as Jeanette Lee, Allison Fisher, Karen Corr, Vivian Villareal, Tony Robles, Mike Massey, Jasmin Ouschan, Ewa Laurance, Laura Smith, Julie Kelly and a host of other professional players will take a break from the EnjoyPool.com 9-Ball Championships to help raise funds for the Billiard Education Foundation. Each challenger will receive a certificate and souvenir photo taken with their pro opponent. Admission is free for viewing.

Souquet and Ouschan win

2006 EnjoyPool.com
9-Ball Championships

by Mike Howerton

Las Vegas, NV – May 21, 2006, Austrian 19-year-old Jasmine Ouschan defeated Allison Fisher 7-5 in the first match of the day. Fisher came out and took charge early in the match with a 3-0 lead. Ouschan then came back and won 3 games of her own to tie the match at 3-3. The match was tied again at 4-4, but Ouschan won two in a row to get to the hill at 6-4. From there, they split racks on

their breaks and Ouschan won 7-5.

The men's finals saw Souquet run the first 3 racks he broke and he took a 4-2 lead by taking advantage of a dry break by Archer. A great shot in game 8 by Archer knotted the score back at 4-4, but Archer went for a very tough cut shot in the 11th game that cost him the rack. It looked like Archer would get a chance to redeem himself when Souquet got bad shape on the 1-ball in the final rack, but Souquet played a great two way bank on the one that left him out in the final rack. Both Ouschan and Souquet earned \$20,000 for their wins, while Archer and Fisher settled for \$10,000 in prize money.

Qlympics

New for 2007-2008 League year

(NEW!) Qlympics

The BCA Pool League has many billiard room locations with 9' tables, and many players that prefer to play on the big tables. Big table championships have been requested by players and League Operators, and we have responded by creating the new Qlympics program on 9' and 7' Diamond Smart Tables.

Qlympics is slated for three weeks in November 2007 at the Clarion Hotel in Louisville, Kentucky. For 2007, Qlympics will replace the BCA National 9-Ball Championships program, and add several BCAPL and U.S. Open events to the program.

U.S. Open Tournaments – U.S. Open titles in One Pocket, Banks, 10-Ball, and 14.1 Straight Pool events will be contested on 9' Diamond Smart Tables.

BCAPL events – BCAPL National Big Table Championships and Juniors Championships will be contested on the 9' Diamonds, and regional tournaments will be staged on the 7' Diamond Smart Tables.

We are very excited about launching this new all-around championships, and we expect the “3 weeks of pool bliss” to have great appeal to players of all abilities. We plan to add ring games, round the clock action, and many exhibitors to the program. The entry forms and more info will be available on our web site – www.playbca.com – this spring.
